

IMPORTANT INFORMATION

EPC PLUS PROVIDED BY VIBRANT

- 1. An Energy Performance Certificate Plus (EPC Plus) provides a standard EPC report showing your home's energy efficiency and some added benefits:
 - Vibrant Energy Matters Ltd (Vibrant) will help customers identify if they are eligible for any government-funded schemes available through local authorities and installers. Eligibility is dependent on your personal circumstances. The qualifying funding can be used towards the recommended upgrade works listed within the EPC Plus report.
 - Access to technical advice from Vibrant's energy upgrade team.
 - Option to use Vibrant's team to project-manage any chosen improvements to your property's energy efficiency. This will be subject to a project management fee that will be agreed between you and Vibrant. Foundation Homes Loans (Foundation) will have no involvement in any such agreements. Foundation will not be responsible for any actions or omissions by Vibrant during the project management phase and will not have any responsibility or liability for the installation and subsequent performance of any improvements or any other works which are part of the project management agreement.
 - For properties in England and Wales and Scotland, Vibrant can also help landlords find out if they are eligible for any exemptions under the Minimum Energy Efficiency Regulations and how to enter this on the Private Rented Sector Exemptions Register.
- 2. You mortgage is provided by Foundation and the EPC Plus will be provided by Vibrant, a Connells Group company. Your EPC Plus survey will be carried out by an assessor accredited by Elmhurst Energy Systems Limited.
- 3. The EPC Plus is free to customers who have completed a mortgage with Foundation on an EPC Saver product and is available to you for a period of 3 months from the date of completion of your mortgage and is not transferable.
- 4. The free EPC Plus offer is not available on properties constructed within the last 10 years, as these will have had a Standard Assessment Procedure (SAP) EPC created at the time of construction. They generally provide a more accurate assessment of a property's energy efficiency and are valid for 10 years. You can find details of your SAP EPC at https://www.gov.uk/find-energy-certificate

No.5 Arlington Square, Downshire Way. Bracknell, Berkshire RG12 1WA P: 0344 770 8030 W: www.foundationhomeloans.co.uk

Foundation Home Loans is a trading style of Paratus AMC Limited. Registered Office: No.5 Arlington Square, Downshire Way, Bracknell, Berkshire RG12 1WA. Registered in England with Company No. 03489004. Paratus AMC Limited is authorised and regulated by the Financial Conduct Authority, Registration number is 301128. Buy to Let mortgages are not regulated by the Financial Conduct Authority. Calls may be monitored and recorded.

- 5. No responsibility to you is implied or accepted by Foundation in respect of the content of the EPC Plus provided by Vibrant. Foundation will not be responsible for any actions or omissions by Vibrant, its contractors or any third parties (whether instructed by you and/or Vibrant or any other party) and we do not accept any responsibility or liability for the installation and/or any works undertaken and/or subsequent performance of any improvements in relation to the EPC Plus.
- 6. To request a free EPC Plus you must apply to Vibrant directly by completing an online form on its website within 3 months of the date of the completion of the EPC Saver mortgage with Foundation. To ensure that you benefit from the free offer you must follow the website link or QR code provided in your welcome letter. Any applications made without going through this process will not be registered as part of the Foundation free EPC Plus offer and you will be charged for the report. If you do not have internet access you can grant access to a third party or mortgage intermediary to complete the online form on your behalf.
- 7. To provide an EPC report and carry out the EPC survey, Vibrant will visit the property at an agreed time. The visit will take 20-40 minutes and to ensure the most accurate assessment possible, you will need to allow the assessor full access to the property (including head and shoulder access to the loft), and provide information regarding any existing insulation, if you have it.
- Once the EPC survey has been completed, Vibrant will update the Government's central register for EPC ratings with the details of your new report and this will replace any existing EPC rating you may have. You can access information about your property's EPC Certificate at https://www.gov.uk/find-energy-certificate.
- 9. If you are a landlord, the new EPC rating of your property may affect your ability to let the property out and you may be liable to a fine, for example, if your EPC rating is below the minimum standard required.
- 10. It is important that you consider the potential costs involved to get the EPC rating up to standard and any loss of current income, if you are unable to rent out the property until the works are completed. For further information on letting your property in England and Wales and the minimum EPC ratings visit: https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance.
